9TH NYC GREEN SCHOOL CONFERENCE-2025

23-24 September, 2025 New York

Coincides with the 80th United Nations General Assembly and Climate Week NYC 2025

An Event by

GREEN MENTORS

Powered by Law of Nature

Special Consultative Status with the
Economic and Social Council of United Nations from 2021

Greening Higher Education Partner

UNESCO IESALC

About the Conference

The **9th NYC Green School Conference 2025**, the premier annual convening of **Green Mentor**—an organization with *Special Consultative Status at the United Nations ECOSOC* and an active member of UNESCO's **Greening Education Partnership**—will be held on **September 23–24, 2025**, at the **ILR School, Cornell University, New York**.

Aligned with the **80th Session of the United Nations General Assembly** and **Climate Week NYC**, this landmark gathering reaffirms education's essential role as an instrument of **climate resilience**, **social equity**, and **sustainable development**.

ROOTED IN THE THEME

Pupils ----> Planet ----> Progress ----> Partnerships ----> Prosperity

Green School is a sacred learning grove where tomorrow is not a date—it is a promise, blooming in every leaf, every lesson, and every learner.

The 2025 conference embodies a global call to action, urging the transformation of education systems into **living frameworks of planetary consciousness**, inclusive progress, and regenerative potential.

- 1 **Pupils** as emerging changemakers
- 2 The **Planet** as both educator and responsibility
- 3 **Progress** as a dynamic, equitable pathway
- 4 **Partnerships** as the engine of systemic impact
- 5 **Prosperity** as a holistic, just, and sustainable future

This immersive convening will bring together a **diverse, intergenerational, and interdisciplinary coalition**: educators, youth leaders, researchers, policymakers, technologists, designers, financial catalysts, and environmental advocates from all regions of the world.

Over two dynamic days, participants will engage in a curated experience designed to inspire and equip

- **Plenary sessions and keynotes** featuring visionary global voices
- **Policy dialogues and interactive panels** that shape educational futures
- **Hands-on workshops and student showcases** spotlighting real-world action
- **Innovation and Climate Expos** revealing leading-edge solutions
- Zones dedicated to **AI in education, digital engagement, green technologies, mindfulness, and strategic collaboration**
- The prestigious **Green Awards Ceremony**, honoring exemplary leadership in environmental education

Objectives

1. Accelerate Learning Outcomes in Green Schools

Promote evidence-based strategies and learner-centered pedagogies that strengthen climate literacy, environmental stewardship, and academic achievement within green-certified institutions.

2. Advance Green School Accreditation Standards

Harmonize and elevate global frameworks for green school certification, focusing on leadership, infrastructure, pedagogy, and measurable community impact.

3. Foster Leadership and Governance for Greening Education

Support school and university leaders in embedding sustainability within governance models, policy design, and institutional practices, ensuring alignment with climate & equity goals.

4. Enhance Financing Mechanisms for Greening Education

Explore inclusive and scalable financing solutions to enable the development of green infrastructure, curricular innovation, and educator capacity-building across both K–12 and higher education.

5. Integrate Sustainability into Curriculum and Pedagogy

Advance the systemic integration of sustainability across disciplines through greened curricula, climate-responsive teaching, and values-based education that nurtures global citizenship.

6. Promote Innovation, Gamification, and Digital Tools

Encourage the ethical development and deployment of educational technologies, serious games, & digital platforms that boost student engagement & ecological awareness.

7. Establish Green Teacher Accreditation and Development Frameworks

Define international standards for the professional growth of educators who are equipped to lead sustainability instruction & foster school-wide environmental transformation.

8. Strengthen Green Graduate Pathways to Green Jobs

Align academic programs with the evolving landscape of green careers, supporting learner transitions into the climate economy through career-readiness initiatives and workforce development.

9. Transform Universities into Engines of the Green Economy

Position higher education institutions as knowledge hubs for sustainability research, green entrepreneurship, policy innovation, and intergenerational problem-solving.

10. Advance Green Research and Knowledge Production

Promote interdisciplinary and applied research that informs evidence-based policies, fosters global knowledge exchange, and drives actionable outcomes in education

Conference Structure

The **Green Awards Ceremony** honors individuals, institutions, and initiatives that make transformative contributions to sustainability in education, including innovation, equity, leadership, and student empowerment.

Program Tracks

TRACK 1

Climate-Smart Learning Environments

Theme

From Curriculum to Campus – Embedding Climate Literacy and Stewardship at Every Level

Linked Objectives

- Accelerate Learning Outcomes in Green Schools
- Integrate Sustainability into Curriculum & Pedagogy
- Advance Green School Accreditation Standards

Focus Areas

- Climate-Conscious Curriculum Design
- Greening School Infrastructure
- Student Engagement and Climate Action
- Safe, Inclusive, & Healthy School Environments

Calls for Papers

- Innovative pedagogical models for climate education
- Case studies of certified green schools
- Climate resilience in school infrastructure
- Mental health and nature-connected learning environments

Session Types

- **Workshops:** Climate curriculum design labs
- **Panels:** Climate literacy across K–12
- **Showcases:** Student-led sustainability projects
- **Expo Highlights:** Green building and school retrofits

TRACK 2

Leadership, Policy, and Systems Change

Theme

Building the Institutional Architecture of a Sustainable Education Future

Linked Objectives

- Foster Education Leadership and Governance
- Advance Green School Accreditation
- Champion Policy Advocacy & Systemic Change

Focus Areas

- Sustainable Campus Operations and Governance
- Empowering Teachers for Sustainability Leadership
- Education Policy and Climate Governance

Calls for Papers

- Leadership frameworks for greening education
- National and local policy integration strategies
- Institutional case studies of sustainability governance

Session Types

- **Plenaries:** Government and ministry-level perspectives
- **Policy Dialogues:** Education-climate policy convergence
- **Workshops:** School board & leadership sustainability planning
- **Recognition:** Green Teacher & Green Leadership Awards

Sustainability is not a department in a Green School —it is the heartbeat of building a sustainable future.

TRACK 3

Financing and Scaling Green Education

Theme

Unlocking Capital, Innovation, and Equity for a Just Transition in Learning

Linked Objectives

- Enhance Financing Mechanisms
- Advance Accreditation Standards
- Address Systemic Challenges in K–12 and Higher Education

Focus Areas

- Innovative Financing for Green Education
- Equitable Access and Resource Distribution

Calls for Papers

- Scalable funding models for sustainable schools
- Equity-driven investment in under-resourced systems
- Public-private education finance innovation

Session Types

- **Investors & Financiers Meet**
- **Panels:** Green bond funding for education
- **Workshops:** Budgeting for sustainable school operations
- **Expo:** Impact investors and funding platforms

TRACK 4

Technology, AI, and the Digital Green School

Theme

Harnessing Innovation Ethically to Advance Environmental and Educational Goals

Linked Objectives

- Promote Green Innovation, Games, and Digital Tools
- Establish Green Teacher Accreditation
- Integrate Sustainability into Pedagogy

Focus Areas:

- Digital Transformation and AI in Education
- Innovation Hub and Climate Expo
- Gamification and Environmental Learning Technologies

Calls for Papers

- Case studies of AI in sustainable education
- EdTech for personalized green learning
- Ethical considerations of digital sustainability tools

Session Types

- **Mentoring Zone:** AI in education clinics
- **Innovation Hub Demos**
- **Panels:** Digital equity and sustainability
- **Workshops:** Gamifying green education

TRACK 5

Higher Education and the Green Economy

Theme

Repositioning Universities as Catalysts for a Just, Regenerative Future

Linked Objectives

- Strengthen Green Graduate Pathways
- Transform Universities into Engines of the Green Economy
- Advance Green Research and Knowledge Production

Focus Areas

- Academic Programs Aligned with Green Careers
- Green Research and Innovation Ecosystems
- Global Education for Sustainable Development

Calls for Papers

- Green entrepreneurship in academia
- Workforce-aligned sustainability programs
- Interdisciplinary climate research and policy translation

Session Types

- **Panels:** Green career pipelines
- **Research Symposium:** Scholarly paper presentations
- **Workshops:** Curriculum co-design with industry
- **Expo:** University innovations & campus case studies

TRACK 6

Partnership, Community, & Global Collaboration

Theme

Forging Local-to-Global Alliances for Transformational Change

Linked Objectives

- Cultivate Global and Local Partnership
- Promote Community-Based Education Solutions
- Build a Global Network for Greening Education

Focus Areas

- Community Partnerships and Place-Based Learning
- International Collaboration on ESD
- Collaboration & Partnership Desk

Calls for Papers

- Successful school-community climate projects
- Cross-border partnerships for SDG 4.7
- Indigenous and local knowledge in sustainability education

Session Types

- **Networking Forums:** Global school-university-NGO linkages
- **Community Panels:** Place-based green learning
- **Partnership Showcases:** Grassroots alliances in action

Special Program Elements (Cross-Cutting All Tracks)

Green Awards Ceremony – Recognizing leadership across all tracks

Student Showcase – Youth-led innovations across education systems

Mindfulness Lounge – SEL, educator wellness, and climate grief support

Call to Action – Final reflection and commitment session

Digital Engagement Zone – Real-time interaction, gamification, and feedback loops

Global Green Awards 2025

A Planetary Tribute to Education in Service of the Earth

At the convergence of climate urgency and educational purpose, the **Global Green Awards 2025** shine a radiant light on those who are cultivating a new era of planetary responsibility.

These awards recognize the **visionaries, institutions, and changemakers** who have transformed classrooms, policies, technologies, and communities into ecosystems of **sustainability, justice, and regeneration**.

As the world assembles in New York during the **80th UNGA** and **Climate Week NYC**, this global celebration uplifts those who live the ethos of **Pupils – Planet – Progress – Partnerships – Prosperity**.

These are not just awards—they are **seeds of legacy**, planted in fertile ground to grow a livable, inclusive, and flourishing future.

Whole-Institution Sustainability Leadership

Star Green School of the Year 2025

The highest honor for a K–12 school demonstrating whole-system sustainability, visionary leadership, and transformational student engagement.

International Green School Award

Recognizes a K–12 institution that integrates environmental education with school-wide practices, community involvement, and measurable green impact.

International Healthy School Award

Celebrates learning environments prioritizing air and water quality, nutrition, nature-based learning, and holistic well-being.

International Inclusive School Award

Honors a school actively promoting equitable, culturally inclusive, and justice-centered sustainability education.

Global Green Governance Award

Recognizes governance bodies in schools or universities that embed climate ethics into policy, strategy, accountability, and stakeholder engagement.

Professional Excellence in Green Education

International Green Teacher Award

Honors an educator whose teaching inspires climate literacy, planetary stewardship, and values-driven learning.

International Green Mentor Award

Acknowledges an educator or coach whose leadership nurtures the next generation of environmental changemakers.

Innovation, Technology & Eco-Design

International Green EdTech Award

Recognizes digital learning tools that bring climate education to life with accessibility, interactivity, and impact.

Global Green Games Curator Award

Honors those designing interactive, gamified learning experiences that promote systems thinking and climate action.

Green Tech Leader Award

Celebrates innovators developing transformative clean technologies for learning environments and school operations.

Youth & Higher Education Leadership

International Green University Award

Honors a university that leads in climate-aligned teaching, research, and sustainable campus operations.

International Green College Award

Recognizes a college actively shaping the green transition through community engagement and accessible, applied learning.

International Green Graduate Award

Celebrates an emerging leader using academic excellence and climate passion to forge meaningful impact.

Green Class of the Year 2025

Celebrates a classroom leading the way in climate literacy, action-based learning, and everyday environmental practices.

Young Climate Leader of the Year 2025

Acknowledges an outstanding K–12 student whose passion, leadership, and action inspire bold change

Green Economy, Jobs & Regenerative Finance

International Green Entrepreneur Award

Honors business leaders building purpose-driven, sustainable enterprises rooted in environmental ethics.

Green Economist Award

Recognizes economists advancing planetary prosperity through circular models, degrowth theory, and climate-conscious frameworks.

Green Job Creator Award

Acknowledges organizations or individuals expanding green career pathways through education, innovation, or industry alignment.

Green Investor Award

Celebrates those whose financial contributions enable transformative climate learning, green infrastructure, and innovation.

Built Environment & Operational Sustainability

International Green Architect Award

Honors design leaders creating regenerative, resilient, and learning-rich educational spaces.

International Green School Auditor Award

Recognizes professionals conducting high-impact sustainability audits that lead to

Media, Arts & Planetary Storytelling

International Green Content Creator Award

Honors creators whose storytelling elevates public understanding of environmental justice and solutions.

International Green Film Award

Celebrates cinematic visions that inspire empathy, awareness, and ecological connection.

International Climate Documentary Award

Acknowledges filmmakers capturing the lived realities of the climate crisis and the courage of those meeting it.

International Climate Author Award

Recognizes writers translating climate science, justice, and hope into narratives that move minds and hearts.

International Climate Journalist Award

Honors journalism that informs, mobilizes, and holds systems accountable in the age of climate emergency.

Policy, Diplomacy & Systems Change

International Green Policy Maker Award

Celebrates policymakers crafting bold, inclusive legislation aligned with sustainability and education.

International Climate Accounting Award

Recognizes those pioneering ESG, emissions tracking, and fiscal transparency within education systems.

International Climate Diplomacy Award

Honors international negotiators fostering multilateral agreements and global climate cooperation.

International Climate Leadership Award

Awarded to a visionary whose leadership has catalyzed climate progress at a systemic, global scale.

Nomination & Selection Process

Nominees are evaluated by a **diverse global panel** of leaders in education, sustainability, policy, and innovation. Selection is based on:

- Transformative environmental and educational impact
- Innovation and originality in approach
- Commitment to equity, inclusion, and access
- Alignment with the UN Sustainable Development Goals (SDGs)
- Scalability, collaboration, and long-term vision

These awards are not just recognitions—they are **rituals of gratitude** for those planting the future. Each honoree represents a pathway toward a planet where **education heals, empowers, and transforms**.

Together, let us honor the visionaries who are making sustainability not just a lesson—but a way of life.

Speaking Opportunities

Raise Your Voice, Shape the Future, Inspire a Greener Tomorrow

The **9th NYC Green School Conference 2025**, is proud to offer a global platform for voices that are transforming education into a force for climate resilience, justice, and sustainability.

We invite **educators, policymakers, youth leaders, researchers, technologists, sustainability professionals, creatives, and community builders** from around the world to share their ideas, insights, and innovations as part of this landmark event.

Types of Speaking Opportunities

Keynote Addresses

Global leaders and visionary thinkers with transformative ideas that can guide the future of climate education and sustainability.

Workshops & Masterclasses

Hands-on, participatory sessions that provide tools, strategies, and replicable models for practitioners and school

Youth-Led Sessions

Dedicated slots for K–12 and university students to present environmental projects, campaigns, innovations, or advocacy work shaping their communities.

Panel Discussions

Interdisciplinary conversations around conference tracks such as curriculum innovation, policy reform, green finance, EdTech, youth leadership, and regenerative infrastructure.

Success Story Spotlights

Short, powerful presentations showcasing real-world implementation of sustainable education solutions in schools, colleges, universities, or communities.

Scholarly Paper Presentations

For researchers and academics presenting new data, theoretical frameworks, or policy-relevant findings aligned with the conference objectives.

How to Apply

To be considered as a speaker, please submit

1. A brief speaker bio (150–200 words)
2. A session title and abstract (300–500 words)
3. Intended format (Keynote, Panel, Workshop, etc.)
4. Optional: Supporting links to previous talks, publications, or media

Deadline for Speaking Proposals: July 15, 2025

Partnership Opportunities

Join the Movement to Reimagine Education for a Regenerative Planet

The **9th NYC Green School Conference 2025**, convened alongside the 80th United Nations General Assembly and Climate Week NYC, is a global platform dedicated to transforming education systems into **climate action, equity, and sustainable prosperity** engines.

We invite aligned organizations, institutions, innovators, and visionaries to partner with us in shaping a future where **every learner becomes a steward of the Earth**.

1. Strategic Partner

For institutions co-leading the conference vision through co-branded content, global advocacy, or research support.

- Co-host plenary or policy dialogues
- Launch joint publications or framework
- Branding across all platforms
- Invitation to Global Green Awards jury

2. Track Partner

Align your mission with a key conference theme (e.g., green curriculum, school infrastructure, AI in education).

- Co-design program sessions
- Moderate panels or workshops
- Brand visibility within track communications
- Featured speaking opportunity

3. Awards Partner

Sponsor a category in the **Global Green Awards 2025**, honoring excellence in education, innovation, and Leadership.

- Name recognition on awards materials & ceremony
- Present award on stage
- Press and media coverage
- Post-event visibility in the Awards Yearbook

4. Innovation Partner

Showcase technologies or ideas in the **Innovation Hub, Climate Expo, or AI Mentoring Zone**.

- Exhibit booth or demo stage access
- Product integration in workshops
- Inclusion in EdTech/green innovation publications
- Featured case study in conference documentation

5. Youth Engagement Partner

- Empower young climate leaders through scholarships, student showcases, and creative competitions.
- Sponsor "Young Climate Leader" or "Green Class of the Year" award
- Host student-led roundtables or art installations
Feature in the Youth Showcase & Green Lounge

6. Finance & Policy Partner

Advance green investment in education and sustainable governance.

- Co-host the **Investors & Financiers Meet**
Participate in financing strategy sessions
- Engage in green bond & blended finance discussions
- Joint white paper opportunities

Custom Partnerships Available

Media, documentary, and journalism partners

Climate-smart infrastructure or green supply chain providers

Local impact alliances and grassroots networks

Conference Schedule

Day 1 – Tuesday, September 23, 2025

Theme: *Greening Education – Reimagining Education for Climate, Justice & Resilience*

Time	Session
08:00 – 09:00	Registration
09:00 – 09:45	Opening Plenary: <i>Greening Education for Sustainable Future</i> All Focus Areas – Vision-setting
09:45 – 10:30	Keynote: <i>Pupils, Planet, Progress, Partnerships, Prosperity</i>
10:30 – 11:00	Climate Expo Walk & Networking
Morning Breakout Sessions: K–12 Transformation	
11:00 – 12:30	Session A: <i>Teaching for Tomorrow – Climate-Conscious Curriculum Designing practices</i>
	Workshop A1: <i>Greening Pedagogies for Aching Learning Outcomes</i>
	Workshop A2: <i>Greening Class Strategies</i>
	Session B: <i>Equity, Access & Opportunity in Green Education</i>
	Panel: <i>Funding the Green Gap: Policies & Partnerships</i>
	Case Studies: <i>Green Schools and Green Teachers</i>
	Session C: <i>Green Teaching practices</i>
	Hands-On Lab: <i>Green Games</i>
	Mid-day Programming
12:30 – 13:30	Sustainable Lunch + Mindfulness Lounge & SEL Activities
Afternoon Breakout Sessions	
13:30 – 15:00	Infrastructure, Innovation & Youth Action
	Session D: <i>Greening School Infrastructure – Living Laboratories of the Sustainable Future</i>
	Tech Tour: <i>Green Classrooms and Carbon-Neutral Design</i>
	Session E: <i>Student Climate Action and Civic Leadership</i>
	Student Showcase: <i>Youth-Led Sustainability Projects</i>
	Dialogue: <i>Youth Climate Justice & Policy Influence</i>
	Session F: <i>Safe, Healthy, Inclusive Learning Environments</i>
	Workshop: <i>Greening Education for Mental Health & Environmental Wellness</i>
	Evening Engagements
16:00 – 17:30	Policy Dialogue I: <i>Enabling Climate Governance in Education</i>
17:30 – 18:30	Green Networking Reception (Partnership Building)

Conference Schedule

Day 2 – Wednesday, September 24, 2025

Theme: *From Vision to Action – Building the Architecture of a Regenerative Education System*

Time	Session
08:30 – 09:00	Morning Meditation & Mindful Journaling
09:00 – 10:15	Panel: <i>Green Universities as Engines of the Green Economy</i> Includes discussion on campus operations, green Jobs, and research ecosystems
10:30 – 11:30	Session G: <i>Digital Transformation & Ethical AI in Sustainability Education</i> Showcase: <i>AI for Impact Measurement & Personalized Learning</i>
11:30 – 12:30	Green Graduate Program and Green Job opportunities
	Midday Strategic Dialogues
12:30 – 13:30	Climate-Positive Lunch & SEL Sound Healing
13:30 – 15:00	Session H: <i>Green Financing for Green Education</i> Roundtable: <i>Impact Investing, Green Bonds & Blended Finance</i> Session I: <i>Community Partnerships & Place-Based Sustainability Solutions</i> Workshop: <i>Decentralized Climate Learning with Local Stakeholders</i> Session J: <i>Tools for Tracking Impact in Sustainability Education</i> Launch: <i>Greening Education Indicators Toolkit (GEIT)</i>
	Closing Plenary & Awards
16:00 – 17:30	Global Green Awards 2025 Ceremony
17:30 – 18:00	A Unified Call to Action: Commitments for 2030 Strategic alignment + Closing
18:00 – 18:30	Partnership Toast & Farewell Celebrating global collaboration

Other Features

Climate Expo | Innovation Hub
Mindfulness Lounge | Digital Engagement Zone
Collaboration Desk | Green Awards Exhibit

Venue

A World-Class Hub for Dialogue, Innovation, and Sustainable Impact

The **9th NYC Green School Conference 2025** will take place at the prestigious **ILR School's NYC Conference Center** at **Cornell University**, located in the heart of Manhattan at **570 Lexington Avenue**.

Nestled within New York City's iconic Midtown East district, the ILR Conference Center offers a **dynamic, modern, and accessible environment** designed for high-level convenings, collaborative learning, and global engagement.

Why ILR NYC is the Ideal Venue for a Planetary Dialogue on Education and Sustainability?

Central, Strategic Location

Situated just steps from the United Nations Headquarters and major transportation hubs, the center positions our delegates at the crossroads of **global policy, diplomacy, and innovation**.

Sustainable Infrastructure & Design

Housed in the historic **Art Deco General Electric Building**, the ILR Conference Center seamlessly blends **architectural heritage** with **modern upgrades**, including energy-efficient systems and flexible room configurations.

Purpose-Built for Thought Leadership

Featuring **state-of-the-art audio-visual technology**, multiple **modular conference rooms**, and dedicated spaces for exhibitions and networking, the venue supports the kind of **immersive, interactive, and interdisciplinary experience** this conference demands.

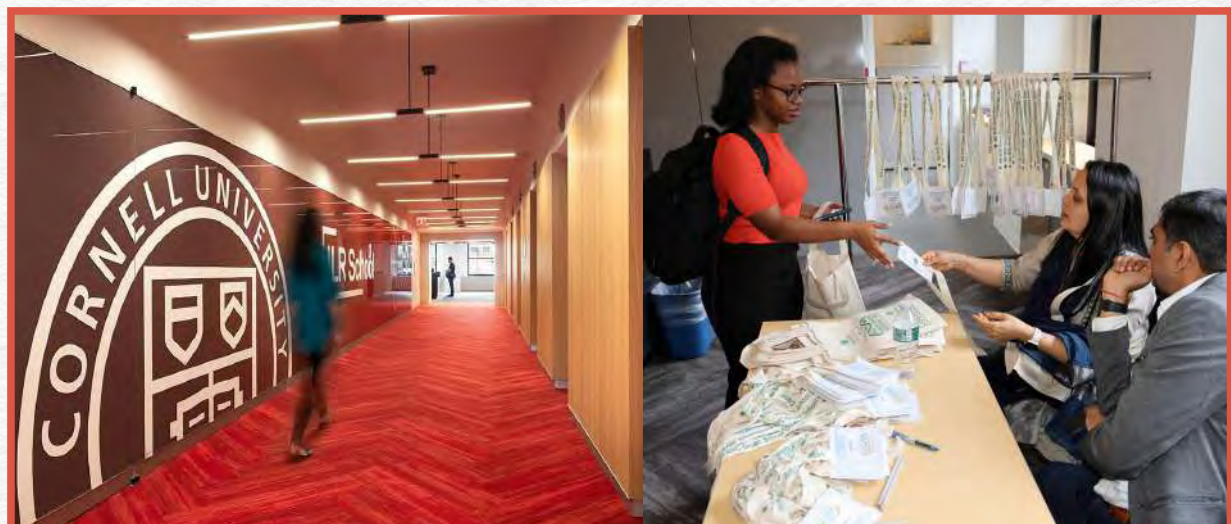

Cornell's Legacy of Public Impact

As part of **Cornell University's ILR School**—a global leader in workplace innovation, equity, and policy—the venue reinforces our mission to align **education with justice, sustainability, and transformation**.

ILR Conference Center – Cornell University

570 Lexington Avenue (at 51st Street) **New York, NY 10022, USA**

Registration Process & Deadlines

1. **Visit the Official Registration Portal** : www.greenmentors.world | Google Form
3. **Select Your Registration Category**
4. **Choose from**
 - General Attendee (Educators, Administrators, Youth Advocates)
 - Speaker or Panelist (if approved)
 - Institutional Group (for 5 or more from one organization)
 - Student Delegate (K–12 or University)
 - Green Awards Nominee or Finalist
 - Partner or Sponsor Guest
5. **Make Payment**
6. Payment options include credit/debit card, and institutional invoice.
7. **Receive Confirmation**

Special Registration Notes

- **Students and Youth Delegates** are eligible for discounted registration and travel support (apply via registration form).
- **Group Discounts** are available for institutions registering five or more delegates.
- **All Access Passes** include plenary sessions, workshops, Climate Expo, and the Mindfulness Lounge.
- **Awardees and Speakers** receive complimentary or subsidized registration (upon confirmation).

About Green Mentors

Green Mentors is a pioneering global organization reshaping education by **embedding sustainability at its core**. Established in **2017 in Ahmedabad, India, and 2024 in New York, United States**, it is leading a transformative movement to cultivate a worldwide ethos of **environmental consciousness, climate literacy, and regenerative thinking** within educational institutions.

Operating in over **45 countries and territories**, Green Mentors has successfully converted more than **8,000 schools and universities** into certified **Green Schools and Green Universities**—learning environments that model sustainable leadership, eco-literate teaching, and whole-institution transformation.

As the **only educational accrediting body with Special Consultative Status at the United Nations Economic and Social Council (UN ECOSOC)**, Green Mentors is proud to serve as a founding member of **UNESCO's Greening Education Partnership** and Greenign Higher Education Partner of the UNESCO IESALC, working at the highest levels to align global education with the Sustainable Development Goals (SDGs).

Our global credibility is further affirmed by active memberships in the

- **Association for the Advancement of Sustainability in Higher Education (AASHE)**
- **Academic Council on the United Nations System (ACUNS)**

Through strategic alliances with ministries of education, local governments, multilateral institutions, climate investors, youth networks, and civil society, Green Mentors deliver programs and platforms that empower learners, equip educators, and transform systems.

Our Work Includes

- Designing and scaling **green curriculum frameworks**
- Supporting **climate-smart school operations and governance**
- Hosting the annual **NYC Green School Conference**, a global forum on sustainable education
- Leading the **Global Green Awards**, recognizing excellence across the green education movement
- Providing **certification and mentorship** for institutions pursuing sustainability transformation

Vision

A world where **every school is a green school**, and every learner is a **steward of the Earth**.
